DETAILED ACTION

Allowable Subject Matter

1. Claims 29, 30, 32-34, and 36-53 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Applicant's invention is an ink jet printer comprising a printer case, a carriage slidably mounted to the printer case, and an ink cartridge mounted on the carriage. A lever is attached to the carriage for attaching and detaching the ink cartridge from the carriage. The lever is pivotable between an open position where the ink cartridge is detached from the carriage and a closed position where the cartridge is attached to the carriage. The movement of the lever cause a rotational displacement of the ink cartridge relative to the carriage. Also, the case has a lip positioned above the lever for preventing the lever from detaching the ink cartridge when the carriage is positioned with a print area. Neither the lever causing a rotational displacement of the ink cartridge, nor the lip for preventing detachment of the ink cartridge where disclosed in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2853
